CHILDREN OF AMERICA CHILDCARE RECOGNIZED AS PRESTIGIOUS IACET AUTHORIZED PROVIDER FOR CONTINUING EDUCATION UNITS

DELRAY BEACH, Fla. (May 4, 2009) Business Wire – Children of America Educational Childcare, a subsidiary of World Wide Childcare Corp. (Pink Sheets: WWCC), has received the prestigious Authorized Provider status from The International Association for Continuing Education and Training (IACET). As an IACET Authorized Provider, Children of America is approved to award IACET Continuing Education Units (CEU) to all licensed childcare professionals who successfully complete its onsite and distance learning programs. This recognition will extend for five years.

“Children of America is dedicated to providing our talented childcare teams with opportunities for growth and advancement,” states Dr. Vicki Folds, Ed.D., company vice president of education and professional development. “This certification from IACET demonstrates our commitment to lifelong learning and highlights the high standards we set for our continuing education and training programs.”

In order to achieve Authorized Provider status, Children of America completed a rigorous application process, including a review by site visit from IACET, and successfully demonstrated adherence to the ANSI/IACET 1-2007 Standard addressing the design, development, administration and evaluation of its programs.

“Our partnership with IACET reinforces our mission to become a nationally recognized and accredited childcare service provider,” said Thad Pryor, Children of America president and CEO. “We are very proud of this accomplishment.”

All Children of America schools offer safe, creative environments designed to encourage learning and promote development. Attentive principals and teachers guide children from six weeks to 12 years old through Children of America’s specialized key age group curriculums to help them gain a positive sense of self, be active and creative explorers and, in the process, become enthusiastic learners.
