## **CHILDREN OF AMERICA APPOINTS TAMMY TELYMONDE DIRECTOR OF NEW ABERDEEN CHILDCARE CENTER**

*Parents can pre-enroll their child now*

ABERDEEN, N.J. – Children of America, a leading provider of high-quality childcare services and early childhood education, has appointed Farmingdale resident Tammy Telymonde as director of its new center located at 1360 Highway 34 in Aberdeen. Scheduled to open in early July, the new site is currently accepting pre-enrollment applications.

As site director, Telymonde will be responsible for leading a team of licensed childcare professionals, working closely with parents to ensure each child's educational success and overseeing all daily administrative duties. Under her supervision, the Aberdeen childcare center will provide a safe, nurturing atmosphere that will cultivate learning and foster each child's growth and development.

"Tammy brings her love for children and passion for teaching to her role as director of our new center," said Jim Perretty, executive vice president and COO for Children of America. "We look forward to serving area families by providing them with a better childcare option and know that this center will thrive in her capable, dedicated hands."

Telymonde brings more than 13 years of childcare industry and early childhood education experience with a strong base of management skills to her new position. She received a business office support specialist certificate from Brookdale Community College in Lincroft. She is trained and certified in CPR, First Aid care for infants, children and adults and emergency preparedness and recently completed her Directors' Academy certification.

Telymonde will participate in Children of America's Principal Certification Program, a four month program focused on customer service standards, adoption of the National Association of the Education of Young Children (NAEYC) code of ethics and additional educational management directives, to become a certified principal.

Those interested in enrolling their child at Children of America should act now as space is limited. To request a pre-enrollment application or for more information about Children of America, call (800) 821-0561 or visit [www.childrenofamerica.com](http://www.childrenofamerica.com).
